

Quality Policy

Inserted in an increasingly competitive market, the company Paulo Antunes has as strategy, the excellence in the products presented to the customers, being the models developed characterized by simplicity, elegance and sophistication.

Created in the year 2000 by Paulo Antunes, an architecture student, the brand was developed around the desire to work in the furniture sector, specifically upholstered items, thanks to its dynamism and diversity.

Paulo Antunes as the CEO defines in a sentence the main objective for the company.

"I'm a simple person. For me, the best is enough"

This way the Quality Management System, according to ISO 9001, is implemented based on the following principles:

- Maintain our Quality Management System in accordance with the requirements of the reference standards;
- Provide the necessary means to achieve the objectives defined in the scope of the Management System in order to offer the market an increasing improvement in the Quality of its Products;
- Provide conditions for the implementation, disclosure and compliance of the Management System by all employees;
- Opportunity for work and, personal and professional development;
- Promote and ensure continuous improvement by encouraging accountability and teamwork;
- Customers' satisfaction with the delivery of quality products, in a timely manner, in compliance with legal, technical and social requirements;
- Expand the market target of the Organization;
- Promote consultation, information and communication.

Management commits itself to continually improve the effectiveness of the system by periodically reviewing quality objectives and meeting Customer requirements and all other applicable requirements.

In the light of this Quality Policy, the responsibility for its achievement is attributed to all employees of the company, being essential the support of Management and the commitment of all.
